

Upland Game Hunting

We provide hunting opportunities for the following species:

- Pheasant (Ringneck and Melanistic)
- Chukar
- Hungarian Partridge
- California Quail

About the Preserves

The Preserves offer hunters the opportunity to harvest a wide variety of upland game birds. The hunt can be tailored to your liking, guided or non-guided. This allows for you to hunt with your own dogs or to experience hunting with a guide over their experienced pointing and flushing dogs. Our preserves run from mid-September through March each year.

We also offer the chance to hunt native birds in their natural environment, following state guidelines regarding seasons and bag limits.

"I hunt because I love the entire process; the preparation, the excitement, and sustained suspense of trying to match my woods-lone against the finely honed instincts of these creatures"

- Fred Bear

About Us

Hunt Oregon is situated in and around the breathtaking Blue Mountains of Eastern Oregon. We are a subsidiary of the Cunningham Sheep Company, a 4th-generation cattle, sheep, and wheat ranch. We offer more than any other hunting ranch in Oregon as we recreate on over 160,000 acres of privately owned timber, range, and agricultural land. We provide hunting opportunities for nearly all Big Game & Upland Game species found in Eastern Oregon. Hunt Oregon takes pride on providing a unique and hospitable experience for hunters of all skill levels.

We take pride in providing our clients with a once-in-a-lifetime experience. Everything from pre-season shooting updates to new renovations to our lodge are all done with you, the hunter, in mind. All animals we pursue are free-range and managed to maximize trophy potential. Our skilled guides will provide you with the opportunity and know-how to be successful, all while being by your side the entire hunt. We want to create memories that you will share with friends and family for years to come.
